Planted in: 1943.

Nr. of vines per hectare: 3,500.

Training system: Goblet

Calcareous soil, sandy texture. South-East facing.

#### HARVEST 2021

A weather with little rainfall but a good evolution of the grapes in the last vegetative cycle allowed a harvest marked by a very good quality. The ripening of the grapes was very good and allowed us to harvest grapes in optimal conditions. The harvest was marked by low rainfall and low yields. This grape is harvested the first week of September.

#### VINIFICATION

Manual harvest in small boxes. Recovering the xarel·lo that was elaborated in our farmhouses, we have fermented it entire, that is to say, with the snuff, the husk, the pulp and the bone, during three weeks in barrels of 600 l. of chestnut tree, to low temperature. After pressing, it remains for 9 months with the mothers in second year French oak barrels. Wine of minimal intervention. Unfiltered.

#### TASTING NOTES

Golden yellow color with orange reflections. In the nose it gives us aromas of ripe white fruits, with touches of white flowers accompanied by anisette notes and vegetable memories. In the mouth it is warm, full and balanced. In spite of having the strength of a brewed wine, it is very delicate.
