An ideal climate, moderate rainfall and a good evolution of the grapes in the last vegetative cycle allowed a harvest marked by a very good quality. The grapes ripened very well. The balance between temperatures and rainfall allowed to harvest a grape with optimal conditions and produce high quality wines. A high quality harvest. We started on August 14th with Pinot Noir and finished on September 25th with Cabernet Sauvignon.

VINIFICATION

TASTING NOTES

Very luminous ruby red color with grana reflections. Clean and bright. Medium layer. Leaves a dense and slowly evolving teardrop. Very frank in the nose, we can appreciate very clearly intense aromas of ripe red fruits, especially cherries, but also raspberries and strawberries accompanied by notes of blackcurrants, so typical of this variety, wrapped at all times by balsamic aromas of menthol on a subtle background of sweet spices where notes of vanilla stand out. In evolution, cocoa aromas are added to the whole. In the mouth it has an ample entrance where it shows freshness thanks to a lively acidity, which gives it tension and makes it the conductor of the wine in a silky mouth passage where we find sweet and very very polished tannins. Fruity aromas dominate, very intense, always accompanied in the background by mentholated notes, vanilla aromas and memories of cocoa that make it a very sweet-toothed wine.

Medium length and quite persistent.
